## GUIDELINES & APPLICATION FOR APPROVAL OF A SUBDIVISION

Planning Board – 11 S. Main Street – Pittsford, 14534 – 248-6260

**Compliance with the following rules will in no way guarantee approval of an application. It may even be necessary for the board to request additional information to make its decision.**

The Planning Board meets on the second and fourth Mondays of each month at 7:30 P.M. local time at the Pittsford Town Hall, 11 South Main Street, Pittsford, New York. New hearings are opened on the second Monday of the month. The applicant, or the applicant's duly authorized agent, must appear at all public hearings held on the application. Failure to appear may result in automatic denial.

The requirements set out in this packet for the applications to the Planning Board are not to be considered all-inclusive. Depending on the nature and scope of a particular application, it is the prerogative of the Planning Board to request more or less information of the applicant. Prior to making an application, it is strongly recommended that discussions take place with Department of Public Works (DPW) staff to discuss procedure and application content, and to determine the need for pre-application meetings with DPW staff or the Planning Board. A more detailed description of the subdivision review process can be found in the Town of Pittsford Land Subdivision Regulations.

A complete package of application materials must be filed with the Secretary of the Planning Board of the Town of Pittsford by the submission deadline for the requested public hearing date of the application. A schedule of public hearing dates, including submission deadlines, is available from the Planning Board Secretary. An application to the Planning Board will not be accepted until all required materials have been deemed to be complete and accurate. The Board has adopted a policy of accepting only the first four (4) complete applications submitted for any one agenda. **All application materials will be available for public review.**

Approximately ten (10) days prior to the public hearing, the Town will post a sign in a conspicuous location on the subject property. This sign should be maintained on the property.

### REQUIREMENTS FOR ALL APPLICATIONS

A complete application consists of the following forms and documentation. Twenty-seven (27) copies of each form or item of documentation should be collated into packets no larger than 8½ inches by 11 inches.

1. A letter of intent / cover letter explaining the scope of the project and its intended purpose.
2. The one page application form (pg. 2) filled out completely and accurately, typed or printed.
3. Authorization to make application – When the applicant is not the owner of the subject property, the Authorization to Make Application form (pg. 3) must be completed and signed by the owner and included as part of the application.
4. Disclosure Form E (pg. 4), in compliance with Section §809 of the N.Y.S. General Municipal Law (pg. 5).
5. List of Abutters form (pg. 6) filled out with the names and addresses of all owners of properties, which either directly abut or are, located across the street from the property lines of the subject property.
6. Items listed in Article V, Format and Contents of Applications, under Chapter 175 of Town Code.
7. Submission of the appropriate application fee(s), in accordance with the current fee schedule (pg. 7). This fee covers the cost of the legal ad which appears in the *BRIGHTON-PITTSFORD POST* and part of the administrative costs involved. The check(s) should be made payable to the "TOWN OF PITTSFORD".

**Part 2 - Impact Assessment. The Lead Agency is responsible for the completion of Part 2.** Answer all of the following questions in Part 2 using the information contained in Part 1 and other materials submitted by the project sponsor or otherwise available to the reviewer. When answering the questions the reviewer should be guided by the concept “Have my responses been reasonable considering the scale and context of the proposed action?”

	<b>No, or small impact may occur</b>	<b>Moderate to large impact may occur</b>
1. Will the proposed action create a material conflict with an adopted land use plan or zoning regulations?		
2. Will the proposed action result in a change in the use or intensity of use of land?		
3. Will the proposed action impair the character or quality of the existing community?		
4. Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)?		
5. Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walkway?		
6. Will the proposed action cause an increase in the use of energy and it fails to incorporate reasonably available energy conservation or renewable energy opportunities?		
7. Will the proposed action impact existing: a. public / private water supplies? b. public / private wastewater treatment utilities?		
8. Will the proposed action impair the character or quality of important historic, archaeological, architectural or aesthetic resources?		
9. Will the proposed action result in an adverse change to natural resources (e.g., wetlands, waterbodies, groundwater, air quality, flora and fauna)?		

	No, or small impact may occur	Moderate to large impact may occur
10. Will the proposed action result in an increase in the potential for erosion, flooding or drainage problems?		
11. Will the proposed action create a hazard to environmental resources or human health?		

**Part 3 - Determination of significance. The Lead Agency is responsible for the completion of Part 3.** For every question in Part 2 that was answered “moderate to large impact may occur”, or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

- Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.
- Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.
